## COLLEGE, ANCHAL

### **One Day Workshop on MATLAB**

A one-day workshop on MATLAB for undergraduate students was successfully conducted by Mathematics Department on 25-08-2023. The event aimed to enhance students' computational and programming skills using MATLAB, a powerful tool for numerical analysis, visualization, and algorithm development. The workshop featured an inaugural address by Ms. Reshmy P V (IT Professional) who emphasized the importance of MATLAB in academic and professional applications. The session was led by Ms. Sheeba George (IT Professional) who provided hands-on training, covering essential concepts and practical applications tailored to the students' curriculum. The program concluded with a vote of thanks, acknowledging the contributions of the organizers, guests, and participants.
