Report

The Department of Mathematics organized a comprehensive coaching session for final year undergraduate students focusing on the Joint Admission Test for M.Sc. (JAM). The coaching aimed to assist students in preparing for the JAM examination, a gateway for admission into various M.Sc. programs offered by prestigious institutions across the country. The coaching extensively covered the syllabus prescribed for JAM, encompassing topics in Mathematics that are part of the examination pattern. Experienced faculty members from the Department of Mathematics led the coaching, providing valuable insights, tips, and techniques to tackle the JAM paper effectively.
