## About the Programme

The University of Kerala has a vibrant Placement Cell that brings esteemed organizations and talented students to the same platform. This gives a golden opportunity for the organizations to select the best available talent in the State for a job/internship in their organization. The placement cell also provides an opportunity for the professionals to interact with the best academics of the state.

The University of Kerala has launched the Kerala University Placement Cell to achieve the following specific objectives: To create awareness among students regarding available career options and help them in identifying their career objectives; To guide the students in developing skills and job-search strategies required to achieve their career objectives; To identify suitable potential employers and help them achieve their hiring goals; To organize activities concerning career planning; To act as a bridge between students, alumni, and employers; To take feedback from the industry and provide inputs for curriculum.

In order to achieve the above-mentioned objectives, the Placement Cell is conducting Orientation Programmes on career opportunities and career options in the affiliated colleges of the University of Kerala titled "Placement Readiness". The rationale for the programme is that each college has to be given specific attention. The students in the aided and government colleges affiliated with the University of Kerala are targeted. The expected outcome from the programme are: more awareness among job seekers; better-trained candidates; to bring the employers and job seekers under the same platform.
