

SEMINAR: 5

NAME OF THE DEPARTMENT: ENVIRONMENTAL SCIENCE

TITLE OF THE SEMINAR: “COMMUNICATING SCIENCE THROUGH INNOVATIVE IDEAS”

DATE: 13-02-2019 - 14-02-2019

Programme

13th February 2019 (1st Day)

10.00 a.m . : **Science Exhibition**

(In association with Department of Physics, Chemistry, Zoology & Botany)

14th February 2019 (2nd Day)

10.00-11.00 am : **INAUGURAL SESSION**

11.30 -12.30 am : **SCIENTIFIC SESSION-I**

Dr. M Shereef

“Science And Society”

LUNCH BREAK

02.00 -03.00 pm : **SCIENTIFIC SESSION-II**

: **Dr. Madhusoodhanan Pillai**

Director

Sredha (NGO), TVPM

“Science and Sustainability”

Vote of Thanks : **Kaladevi V**

Asst. Professor,

Government of Kerala***

Rationale of Seminar

We are organising Two-day programmes in association with National science day celebrations in our College funded by Kerala State Council for Science, Technology and Environment, Govt.of Kerala.

The national science day has been started getting celebrated as the Science Carnival to recognize scientific activities and programmes by the participation of students, scientists from the state and national faculties. This event celebration has provided a real platform for various new comer scientists to fix their feet and bright their career in the science profession.

National Science Day is being celebrated every year to widely spread a message about the significance of scientific applications in the daily life of the people. To display the all the activities, efforts and achievements in the field of science for human welfare and to discuss all the issues and implement new technologies for the development of the science. To give an opportunity to the scientific minded citizens in the country and to encourage the people as well as popularize the Science and Technology. Science not only inculcates the spirit of curiosity among the students but helps in developing scientific temper.

This seminar is organised by the PG Department of Environmental Sciences, St.John's College, Anchal and to discuss on these matters and to communicate the science which is interlinked with all disciplines.

Kaladevi.V
(Coordinator)

The PG Department of Environmental sciences, St.John's College, Anchal organized a seminar in association with National science day celebrations in our college on the 13th & 14th of February 2019 at the Audio-Visual Theatre. The focal theme of the seminar was "Communicating Science for all". The programme was funded by Kerala State Council for Science, Technology and Environment.

The goal of this programme was to provide a forum for all participants to communicate the current relevance of the focal theme. The objective of this seminar was to impart the scientific knowledge to the college students, research scholars, teachers and the young scientists working in various fields and research centres.

National Science Day is being celebrated every year to widely spread a message about the significance of scientific applications in the daily life of the people. To display the all the activities, efforts and achievements in the field of science for human welfare and to discuss all the issues and implement new technologies for the development of the science. To give an opportunity to the scientific minded citizens in the country and to encourage the people as well as popularize the Science and Technology. Science not only inculcates the spirit of curiosity among the students but helps in familiarising the world of scientific thoughts.

In the first day 13th Feb 2019, programme started with an Exhibition in association with other departments like Physics, Chemistry, Botany and Zoology.

In the second day 14th February 2019, programmes started at 09.30 am. Participants from various departments registered their names. The inaugural session started with a prayer followed by a welcome speech by Dr.Brilliant Rajan, HOD, Dept.of Environmental Science. He spoke about the importance of the current theme and welcomed the gathering. The meeting was presided over by Rev.Fr.Johnson Puthuvellil, Principal of the college and he delivered a talk on conducting the relevance of such programmes in our college. The seminar was then officially inaugurated with lighting of the lamp by the chief guest, Dr. M Shereef, the inaugural session concluded with the vote of thanks by Prof. Kaladevi.V, Coordinator of the programme.

First technical session was started at 11.30 am after a short tea break. In this session Dr. M Shereef talked on “Science and Society”. He pointed out various benefits of scientific knowledge and thoughts imparting the development of society. He illustrated the content with more examples and thereby created scientific awareness to the students. The session ended at 12.45 pm.

The second technical session commenced after the lunch break at 01.30 pm. In this session, Dr.Madhusoodhanan Pillai, presented a paper on “Science and Sustainability”. The seminar examined various aspects of the sustainable ecological developments. The programme winded up with the vote of thanks of Prof. Kaladevi V, Convenor of this programme. She thanked KSCSTE and everyone who has helped us in organizing it successfully.
