Minutes of the College Council

(26/11/2021)

There was an emergency meeting of the College Council at **2:20 pm** on **26/11/2021** in the Principal's office. The agenda of the meeting was to discuss the unexpected turn of events on the campus, in the afternoon of the same day, when a student union gathered students together for a music gala in front of the library and another student union protested in front of the Office and through the College corridors, without the permission of the Principal or the College Authorities. This created a huge commotion and disturbed the academic atmosphere of the campus, which was followed a two-hour long musical gala outside the college gate. The Council discussed the situation and put across the following suggestions:

1. The matter would be reported to the Manager of the institution and the gravity of the situation would be highlighted to the stakeholders, including parents.
2. The Council suggested that a Resolution would be taken by the staff of the college against all political activities on campus. The same would be taken up for discussion and final decision in the staff meeting that would ensue at 3:00 pm in the Audio-Visual Theatre.
3. The fact that the Police remained passive spectators to the whole incident and hardly helped in taking control of the situation was also noted and this would also be reported to higher Police authorities.
4. The college would be closed indefinitely until any further decision would be taken by the Management and the College Authorities.
