

## COMMITTEE FOR SC/ST

### Annual Report 2020-21

Amidst the challenges posed by the COVID-19 pandemic, the SC/ST/OBC Cell of St. John's College remained committed to its mission of fostering inclusivity and supporting students from marginalized communities. Despite the suspension of classes and on-campus activities due to the pandemic, the committee continued providing assistance and guidance to SC/ST/OBC students remotely. Additionally, we facilitated access to online resources and support networks to ensure that every student felt connected and supported during these unprecedented times. We are pleased to note that despite the disruptions caused by the pandemic, **no complaints were received from students throughout the academic year.**
