

Equal Opportunity Cell

Annual Report 2018-19

In the academic year 2018-19, the Equal Opportunity Cell of St. John's College continued its dedicated efforts towards fostering an environment of inclusivity, equity, and equal opportunities for all students. Through a comprehensive range of initiatives and programs, we ensured that every student, irrespective of their background, received the necessary support and resources to thrive academically and personally.

Our primary focus remained on promoting inclusivity and diversity on campus. Through various awareness programs, seminars, and workshops, we aimed to create a conducive atmosphere where students from all walks of life felt welcomed and valued. These initiatives not only encouraged integration but also facilitated meaningful interactions and understanding among students belonging to different communities.

We are pleased to report that during the past year, no grievances were received from students, indicating the effectiveness of our proactive measures in creating a supportive and inclusive environment where every student feels valued and respected.
