

## Equal Opportunity Cell

### Annual Report 2021- 22

In the academic year 2021-22, amidst the ongoing challenges posed by the COVID-19 pandemic, the Equal Opportunity Cell of St. John's College demonstrated unwavering dedication to its mission of promoting inclusivity and supporting students from diverse backgrounds. Despite the partial suspension of in-person classes and campus activities as a result of necessary safety measures, our committee remained steadfast in its commitment to serving the needs of all students. Through a combination of remote assistance and limited on-campus support, we ensured continued guidance and resources for students. Leveraging virtual platforms, we provided access to online resources and established support networks to maintain connectivity and foster a sense of belonging during these challenging times. **Despite the disruptions caused by the pandemic, we are pleased to report that no grievances were received from students throughout the academic year,** highlighting the resilience and adaptability of our support initiatives in maintaining a supportive and inclusive environment for all.
