

CAMPUS PLACEMENT CELL

St John's College in Anchal, Kerala, has an active placement cell that helps students secure employment opportunities and internships. The placement cell organizes various activities such as campus recruitment drives, career counseling sessions, workshops, and seminars to enhance students' employability skills. They collaborate with different companies and industries to provide students with a platform to start their professional careers.

Over the years, several of its students have been placed in institutions like Apollo International Group of Educational Institutions, Ahmedabad. Popular industrial firms like TIME Group, Tata Consultancy Services, Reliance Company, Axis Bank and the like have conducted online and offline interviews for the alumni of the college. TALROP, which is an initiative of STEYP, has been conducting online courses for the enriching the potential of our students to be recruited under campus placement.

Vijayaveedhi PSC Group, Punalur conducted online PSC sessions for the undergraduate students of the college.

The KKEM (Kerala Knowledge Economy Mission) has selected Career Ambassadors in the college, and a Coordinator for the Connect Career to Campus programme. Three day Orientation sessions have also been organised in the campus. The Career Guidance Cell of the University of Kerala has conducted Career Orientation Programmes.

There are WhatsApp Groups for students as well as the alumni of our college, to pass on information about Career opportunities.
